It has millions of registered users from different parts of the world. This mega platform is developed by Mark Zuckerberg who currently owns this whole site. However, the app that has shared here is an unofficial product which is not affiliated with FB by any means. Moreover, this is an illegal tool that is strictly prohibited to utilize. Therefore, most of the people get banned from the platform sometimes permanently and sometimes for short period. So, I recommend you to use carefully and do not install random apps for that service. Because some of those platforms are specially designed for phishing. This application allows you to get thousands of likes within a few minutes. You don't need to put lots of effort there for that. But there are some important steps that you need to follow in order to make it work properly. FB Liker (Apk) Details Name: FB Liker Apk Developer: Like Apps Package Name: com.fb.liker Version: 2.1.0 Size: 71.53 KB Category: Apps - Tools Price: Free Required Android: 2.3 and up How to Get FB Auto Likes? We have already provided the app here in this post. So, you only need to download and install it on your phones. After that, you can get a login and send a request for the desired number of likes on your FB Pages or other publications. However, you need to make it sure that your publications are public. If those are private, then you must make them public while using a random web browser or Facebook's official app. When you will be done with that process get back to the FB Liker Apk. There enter your login details such as email address and password. After when you log in to your accounts, it will take you to the homepage.
